

EAC Program

For the Sake of Art • Artisan Fashion & Art Galore

Sunday, June 28, 2015 • 3- 5 pm

Palisade Home of Daniel & Fala Powers

The Powers' home mixes a prized pre-Columbian collection with modern art that includes tapestries, etchings and prints, paintings, photography and three dimensional compositions. Small and monumental stone, bronze and steel sculptures are scattered throughout the house and garden. During our house and garden tour we will also meet three artists displaying their wares: Two EAC members - **Suzi Click**, designer of artisan apparel & accessories and **Gretchen Schields**, jewelry designer & graphic artist. Their love of tribal culture with emphasis on the rich textures, patterns, and iconography has inspired them to design as well as wear them as everyday outfits. Other members will model their wearable art. Mas Ojima, a fine Japanese ceramist, whose artifacts embody Japanese aesthetics with a modern twist will also be displaying his original works. And all of their works will be for sale with 15% going to the EAC program fund.

Join us as we celebrate Summer's arrival with food, friendship, and frolic. Limited to 60 guests so early reservations are encouraged!

RSVP by Noon June 26 to feelie@ucla.edu or call (310) 454-7851
