with Curator Ingrid Schaffner**

901 East 3rd Street Los Angeles CA 90013

A unique opportunity to see a private collection in a public gallery setting. Eileen Norton is a personal collector of African American and contemporary art, earlier a partner with her then husband Peter Norton. They were a philanthropic team with 2500 art pieces that they gifted to museums. Join us in viewing her personal collection at Hauser & Wirth in the art district of downtown LA!
